FIXALL	500	56.00	57.45	1.45	3%
MASKING TAPE	500	52.25	52.69	0.44	1%
RAGS	500	511.00	513.75	2.75	1%
TOTALS			\$143.37	\$52.33	36%

Using a Densio Hand Held data collector (below) with Comcash software you can take inventory anytime. With a touch of a button (no keypunching) you can infra-red the data into a Comcash system and compare actual inventory to recorded inventory. Make the changes necessary and just like that you have correct inventory and your employees will know Comcash makes them accountable for inventory.

Now you can manage your inventory and prevent theft!

Inventory Tracking Report (Stop Theft and Shrinkage):

Using COMCASH and a Hand Held data collector, you can take inventory in minutes instead of days. At the touch of a button (no key-entry), you can infrared the data directly into COMCASH. You can easily compare actual inventory with recorded inventory, and help maintain accuracy and employee honesty.

COMCASH Reports:

- Gives you total visibility over operations
- Gives you the tools to make real time decisions
- Allow you to be more efficient
- Improve your bottom line
- Gives you accurate profit or loss when you need to know—not months later

How to work less and put more money in your pocket

Gross Profit Report

If this were your present inventory...

Item	Cost	Retail Price	Profit \$	% Profit
Enamel Acrylic Glass - 1 gal.	\$8.99	\$16.50	\$7.51	47%
Inside Wall Low Luster - 5 gal.	\$44.00	\$69.50	\$25.50	37%
Outside Wall Acrylic Flat - 1gal.	\$9.99	\$18.49	\$8.50	46%
Primer Stucco Grip - 1 gal.	\$8.79	\$14.99	\$6.20	47%
Fixall 250 bag	\$6.00	\$7.45	\$1.45	20%
Masking Tape 2"	\$2.25	\$2.69	\$0.44	16%
Rags 100 box	\$11.00	\$13.75	\$2.75	20%
Totals		\$143.37	\$52.33	36%

At the click of a button ComCash lets you revalue your inventory pricing, item by item, class by class, percentage of cost or by any criteria you set...

Item	Cost	Retail Price	Profit \$	% Profit
Enamel Acrylic Glass - 1 gal.	\$8.99	\$16.99	\$8.00	47%
Inside Wall Low Luster - 5 gal.	\$44.00	\$70.25	\$26.25	37%
Outside Wall Acrylic Flat - 1gal.	\$9.99	\$18.99	\$9.00	48%
Primer Stucco Grip - 1 gal.	\$8.79	\$15.69	\$6.90	44%
Fixall 250 bag	\$6.00	\$7.99	\$1.99	25%
Masking Tape 2"	\$2.25	\$2.99	\$0.74	25%
Rags 100 box	\$11.00	\$14.25	\$3.25	23%
Totals		\$147.15	\$56.13	38%

If you had sales of \$500,000 and used ComCash to adjust prices by only 2%, you would put an extra \$10,000 in your pocket.

The foregoing example shows that your business can, with careful inspection, adjust your margins from 2% to 10%, increasing your profits by as much as \$20,000 to \$80,000 per year.

By buying ComCash you give yourself a bonus!

Gross Profit Report:

If your sales were \$700,000 and you used COMCASH to adjust prices by only 3%, you would put an extra \$21,000 in your pocket. Congratulations! You just gave yourself a bonus!

Company depends on... Operations; Accuracy, Instant Access

Reports That:

- Prevent theft
- Increase margins
- Identify best and worst selling items
- Show most productive selling times
- Help deploy inventory according to demand
- Help you make decisions day by day, minute by minute...

How to work less and put more money in your pocket

Best Sellers by Sales Volume (\$)

If this were your store, by using ComCash you would discover:

PLU	Description	Qty	Sales (\$)	Profit (\$)	Profit %
2342342	MP3 PORTABLE PLAYER BY RIGOROUS SINGLE	18	\$4,985.00	\$1,156.00	23.2%
118001237	RCA 4-HEAD HI-FI VCR UNIVERSAL	47	\$4,987.65	\$1,007.65	21.5%
90457582	BRADSTREET SNEAKERS KIDS ASSORTED	87	\$1,735.65	\$1,045.33	60.3%
127943829	DURACELL BATTERIES 8 PK AA	127	\$1,293.65	\$1,035.19	82.0%
57349394	COMPETITION HULA HOOPS	50	\$929.07	\$505.29	52.0%
5275795788	SCHWINN MOUNTAIN BIKE FULL SUSPEN 26"	1	\$875.00	\$205.00	23.4%
111736237	SONY PORTABLE CD PLAYER	12	\$839.40	\$360.94	43.0%
854645557	NIKE AIR RUNNING SHOES MEN	4	\$520.00	\$260.00	50.0%
2342341	MP3 PLAYER SOFTWARE PLAYER SOFTWARE	18	\$306.00	\$182.00	52.9%
2342343	MP3 PLAYER LEATHER CASE BLK	18	\$252.00	\$78.10	31.4%
1231230	MP3 PLAYER HEADPHONES DKG SINGLE	18	\$225.00	\$45.00	20.0%
114360	PANASONIC CLOCK RADIO AC OR BAT. AM/FM	3	\$132.78	\$84.23	62.8%

At a glance you can see:

Your top two, dollar sales leaders are actually low profit items.
Two items (Duracell Batteries and Competition Hula Hoops) yield profits in excess of 50%.
Schwinn Mountain Bike sales were limited to one unit that returned only 23%.

You now have facts that will help you decide:

Could price adjustments be made on MP3 and RCA to make them more profitable without hurting volume and still stay competitive?
Should your most profitable items (Duracell Batteries and Competition Hula Hoops) be given more prominent floor space or promoted more aggressively?
Should the space allotted to the bikes be used for higher volume/higher profit items?

Knowledge is power

In this case, the power to increase profits!

By buying ComCash you put more money in your pocket!

Best by Sales Volume:

At a glance, see your top sellers and what level of profit they bring.

How to work less and put more money in your pocket

Sample Sales by Time Block For Your Store If You Were Using ComCash:

Time Block 9:00 AM - 11:00 AM	\$ Sales	Sales Rep.
Invoice No: 1001233	\$839.87	Rep. 002
Invoice No: 1001234	\$202.29	Rep. 013
Invoice No: 1001235	\$336.19	Rep. 013
Invoice No: 1001236	\$175.12	Rep. 002
Invoice No: 1001237	\$315.33	Rep. 002
	\$1,879.80	

Time Block 11:00 AM - 1:00 PM	\$ Sales	Sales Rep.
Invoice No: 1001247	\$613.87	Rep. 013
Invoice No: 1001249	\$365.40	Rep. 002
Invoice No: 1001251	\$388.20	Rep. 013
Invoice No: 1001252	\$329.87	Rep. 013
	\$1,697.44	

Time Block 1:00 PM - 3:00 PM	\$ Sales	Sales Rep.
Invoice No: 100077	\$61.12	Rep. 008
Invoice No: 100278	\$27.50	Rep. 008
Invoice No: 100279	\$113.48	Rep. 008
Invoice No: 100280	\$65.92	Rep. 008
	\$268.02	

Time Block 3:00 PM - 5:00 PM	\$ Sales	Sales Rep.
Invoice No: 100082	\$221.77	Rep. 015
Invoice No: 100288	\$318.21	Rep. 015
Invoice No: 100289	\$445.45	Rep. 015
Invoice No: 100290	\$315.18	Rep. 015
	\$1,300.61	

At the click of a button ComCash lets you track your sales, hour by hour, and by sales rep. In real time you can make decisions each day that can increase your profits. IN THE EXAMPLE ABOVE:

The 1:00 - 3:00 PM time shows a marked drop off in sales, more than \$1,000 below average morning hours and the hour following. Armed with these facts you can determine if you need to run specials or promotional pricing to attract buyers for the 1:00 - 3:00 PM time; or, if Sales Rep 008 needs more training (OR NEEDS TO BE REPLACED)

You can make week by week, day by day and hour by hour comparisons at the click of a button in ComCash. That close control can mean the difference between success and failure in these competitive times.

Sales by Time Block Report:

At your command, COMCASH tracks your sales... hour by hour, sales rep by sales rep. You have the data in real time to make management decisions that can increase your profits.

**But...
COMCASH
Has Done it
And Will Continue To
Do it Whenever it
Makes Economic
Sense...**

When a nationally known gift chain in Seattle suddenly realized they needed to accept Yen, Canadian and US Dollars, they called COMCASH and asked for help. In less than an hour, the customized feature was downloaded and operational... Of course, we prefer to plan ahead for custom jobs; but when clients have emergency needs, COMCASH has the ability to serve those needs.

When independent hardware dealers asked for an EDI interface to their nationally franchised distributor, COMCASH developed an Interface that saved them tens of thousands of dollars on each POS installation. The new interface allows those dealers to have advanced POS at less than a third of the cost. They also pay one tenth the annual tech support fee they had been paying.

When clients asked for a more flexible, less demanding polling method, COMCASH developed "Push Polling" a system that lets companies share data at their convenience instead of a fixed schedule.

COMCASH prides itself on presenting the single best POS system available. To maintain that degree of excellence, upgrades and enhancements are released two to three times each year. All upgrades are free to COMCASH owners who have a current Annual Benefits Package (ABP).

SUPPORT 7 DAYS A WEEK

*The COMCASH Advantage:
You get many more features at much lower cost!*

Most owners tell us it's imperative that their businesses are up and running all the time. Being shut down for a single day can cause *any* business to lose thousands of dollars.

For less than \$2 a day* you can get the help of a trained professional – 7 days a week – to help solve your problems when you need help the most!**

Your COMCASH Annual Benefits Package (ABP) will include:

- Unlimited tech-support calls on our 1-800 toll free number
- Unlimited on-line support to assist you with your POS software
- Two one-hour training sessions for you to learn COMCASH features, effectively
- *As long as your ABP remains in effect - all upgrades and new versions are FREE!*

COMCASH is always improving, adding new features and enhancements requested by our customers. This keeps COMCASH at the forefront of the POS industry. With the COMCASH benefits package, all these new features will be available to you without a charge. The best part is, there will be no change to your existing data, so that you'll be running the latest and greatest version of your POS in a matter of seconds – without any additional expense!

Now you can relax and have peace of mind knowing that an expert professional will be there to help you whenever you are in need of support for your POS system.

The simple way to banish down-time, because down-time costs you money.

Why are More and More Businesses Turning to COMCASH?

Easy to learn and use • Greater Profits • Custom Reports • Unbeatable Support

SQL Speed & Stability

- ✓ Single user no price increase
- ✓ 1-5 concurrent users installs with COMCASH
- ✓ Over 5 concurrent users installs, SQL server required

One Step Installation

- ✓ Configures every register from the server
- ✓ Installs in minutes...not hours

Polling

- ✓ New "Push Polling" eliminates sequentially calling each store; Each store connects to an Internet FTP (Provided by COMCASH) and collects corporate data while dropping off sales information; reduces both time and cost

ASP/Thin-Client Capable

- ✓ Citrix Application Server Software offers huge savings for mid- to large-size chains

Internet/Web Enabled

- ✓ Interface to popular shopping carts
- ✓ Download and process sales unattended
- ✓ Allows the client to combine both brick and mortar and e-commerce in one integrated POS system that provides reports on both

Hand Held Data Collection/Transmission

- ✓ Receive goods into inventory in minutes
- ✓ Infrared data into COMCASH—no keystrokes
- ✓ Ring up warehouse or parking lot sales

7 Day a Week Support

- ✓ Qualified techs connect to your clients by telephone or internet/problems solved in minutes

COMCASH SQL Now Offers You Both:

Classic Retail Interface & Quick Service™ Interface

COMCASH interface to QuickBooks®

**Powerful Full-Featured POS
That Seamlessly Integrates To QuickBooks®***

designed for

QuickBooks® 2002

Pro, Premier & Accountant Editions

COMCASH was invited to become a member of the Intuit Developer Network. Our task was to develop an interface to QuickBooks Pro 2002. The result was the most complete, "line item detail" interface to QuickBooks available anywhere. COMCASH is a powerful, full featured POS system that can handle the complex needs of retail stores of all sizes.

The new XML driven interface between COMCASH and QuickBooks provides end users with unprecedented power and ease of use. The COMCASH interface delivers either summary or line item detail sales information to be transported seamlessly into QuickBooks. This "one-two" punch of COMCASH & QuickBooks offers the best of both worlds; powerful, flexible, easy to use POS with full accounting capability.

Features include:

- Easy setup wizard for fast installation.
- Export on your schedule: daily or once a month... it's your choice.
- Automatically updates as often as you choose.
- Easy mapping of Chart of Accounts.
- Works well whether you've been using QuickBooks and are just now getting COMCASH, or vice-versa.
- Bills or PO's created in COMCASH can be paid in QuickBooks.
- Interface is dynamic: i.e. items appear in Quickbooks while you watch.
- Simple import/export of your QuickBooks customers, vendors and inventory.
- Imports multiple locations into a single or multiple company file.
- Tracks payment to individual accounts by cash, check, credit card, etc.
- Handles split payments, layaway, discounts, payout, returns and ROA's.
- Eliminates double entry bookkeeping.
- Runs either a General Ledger or Trial Balance in seconds.

* Subject to QuickBooks Pro 2002 limitations.

** Quickbooks is a registered trademark of Intuit Corp. All other names and brands are of their respective manufacturers; used here for descriptive purposes only.

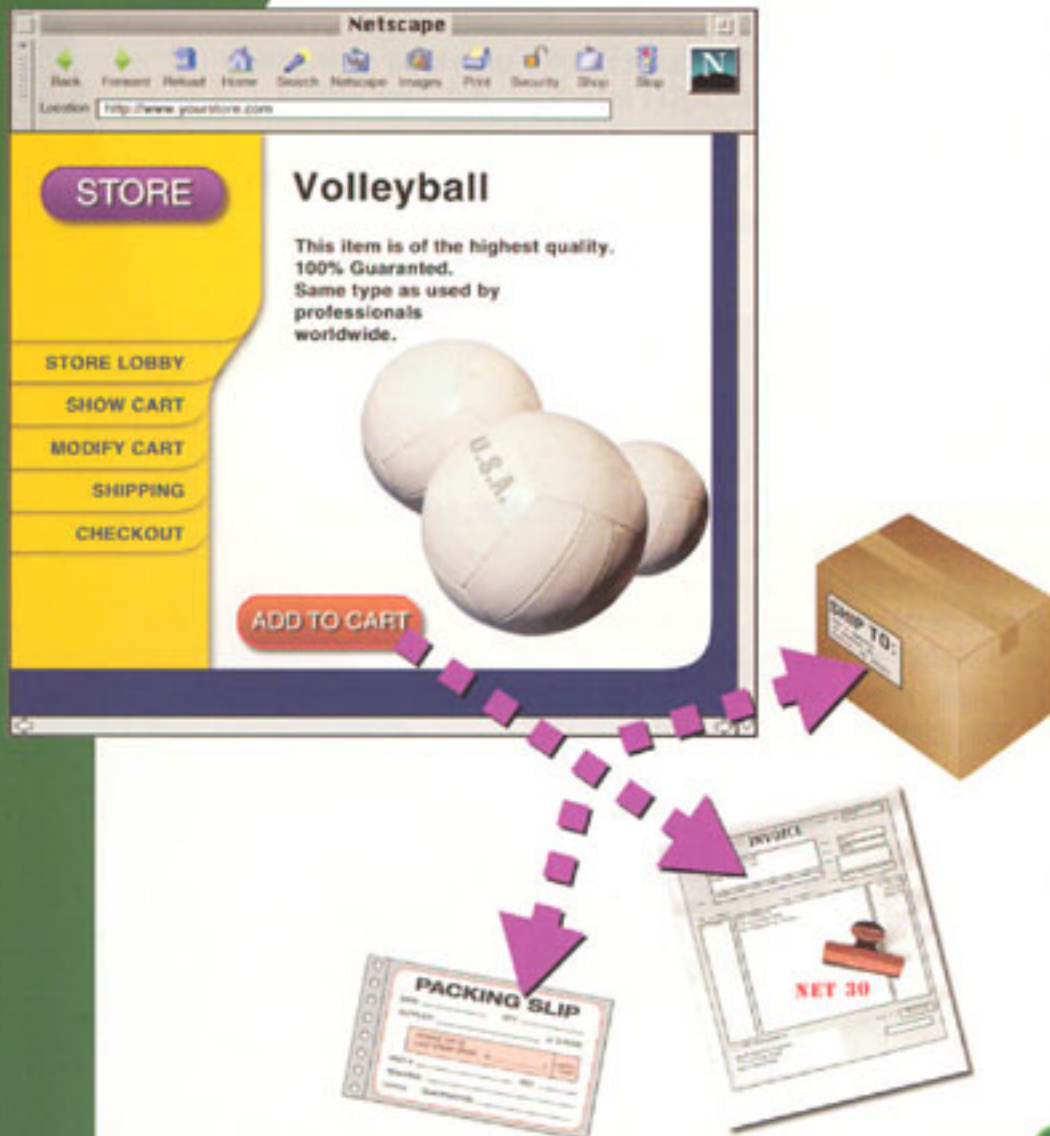

COMCASH
A POWERFUL EZ TO USE POS SYSTEM

COMCASH[®]

The COMCASH Web/Shopping Interface

The Simple, Seamless Solution to E-Commerce

COMCASH captures the information generated on each web sale as it is entered into the *shopping cart form. The sale, including credit card payment, is automatically downloaded into COMCASH and is rung up as an invoice.

Additional Features:

- Adds customers as required
- Verifies quantities on hand to aid order fulfillment
- Generates exception reports for problem orders
- Automatically produces invoices, shipping labels and packing slips
- Runs completely unattended without the need of operator intervention.
- For Yahoo carts, creates inventory items automatically configuring them as matrix items.

* There are a wide variety of shopping cart platforms available on the market today. Call us to find out how COMCASH can interface with your platform of choice.

**COMCASH Polling Let's You Control
ALL of Your Business...
from Anywhere!**

COMCASH
A POWERFUL EZ TO USE POS SYSTEM

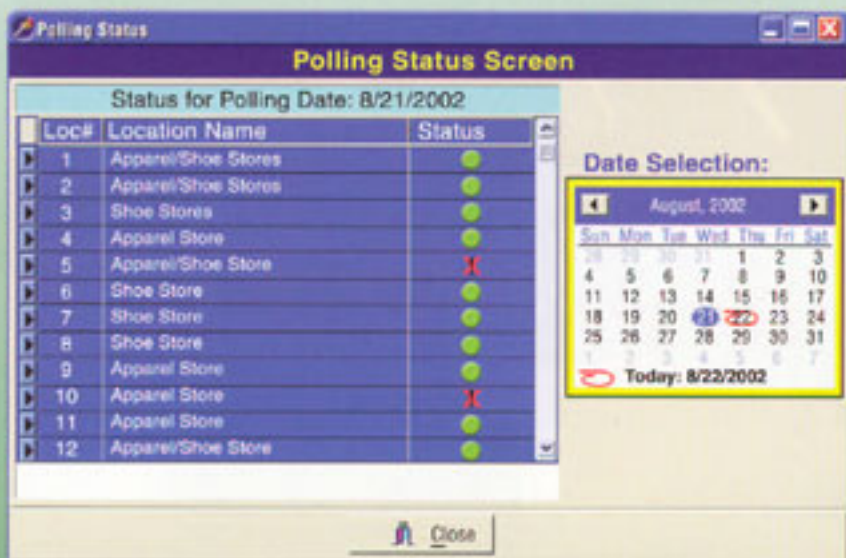

Easy to Use Remote Polling—From Anywhere

No matter where you are, COMCASH lets you consolidate data from several locations to one central location. Now you can bring the data from multiple stores into a central corporate computer for cross store reporting and analysis. No expensive wide area network is required.

Cross Store Stock On Hand Report						
PLU	Description	Geary St.	Grant St.	Lynn St.	Market St.	First St.
100023456	Rustic Pine Dining Table	10	2	0		
135589652	Wilton Self Platter	3	11	2	1	1
166789456	Tea Time Pine Table	23	18	11	9	4
1745698774	Rattan Chair	8	3	29	5	19
2589035477	Leather Sofa Set (black)	2	2	5	22	19
2984552877	Cherry Oak Dining Table	1	4	2	9	15
3678998113	Solid Mahogany Book Table	5	2	1	3	3
3877492345	Courtyard Table Set	1	7	11	1	4
TOTALS		62	419	63	53	41

With COMCASH, Push Polling offers:

- Low cost, low set-up or monthly charges
- Easy to install and run
- Handles unlimited locations
- Status report screen shows polling progress in real time/date
- Fewer errors than traditional demand polling
- Polling via Internet to reduce long distance telephone charges
- Retrieval of data from all or selected locations day or night
- Ability to change any data, such as prices, and send to all or selected locations
- Visibility of operations in all locations giving you better purchasing and inventory control
- An array of management reports for combined corporate or individual locations—such as Cross Store Reports
- Automatic re-poll

New, easier, "Push Polling" Eliminates calling each store sequentially; Each store connects to an Internet FTP server and collects corporate data while dropping off daily sales information. (NOTE: COMCASH supplies the FTP server FREE for your ease and convenience) Push Polling has fewer dependant errors than traditional demand polling, reducing time, frustration and cost. Stores in different time zones can send data at their convenience rather than at an imposed schedule. The "Polling Status Screen (shown left) lets you track polling progress in real time.
